

- You will need to go to <http://www.coolmath-games.com/0-coffee-shop/index.html> for this assignment.
- Students will record the data from the daily activities of a simulated coffee shop.

**Create a spreadsheet like the one indicated at the bottom of this worksheet.**

**Learning TARGETS:**

**Students will be able to record data from simulation into a spreadsheet.**

**Students will use formulas within EXCEL to find profit and loss.**

**STUDENTS!!** In order to **MAXIMIZE** profits during the simulation – follow these simple rules:

1. Pay close attention to your recipe. People like their coffee creamy and sweet – but that costs extra \$\$
2. Watch the weather and adjust your price accordingly.
3. Make sure you have enough supplies, Sold Out is not good, because you could be selling coffee!
