

Creating a Photo Album

1. Go to <http://schools.iclipart.com/>
2. USERNAME: 6039sxnms
PASSWORD: nwaea
3. Click on PHOTOS (NOT CLIPART)
4. Pick a theme (Summer, Easter, Christmas, Birthday, Father's Day...) and use that as your search term.
5. Download 12-15 photos (NO CLIPART) and save them in your TSF (create a new folder called "PhotoAlbum").
6. Using POWERPOINT, Go to INSERT MENU
7. CHOOSE PHOTO ALBUM
8. Go to NEW Photo Album
9. Choose your pictures by clicking File/Disk... button

10. Use Shift and click to select ALL of your downloaded Photos!
11. Choose Fit to slide – Pick your Frame and a theme.
 12. Add Music –either from Clip ART or music you download from <http://www.soundzabound.com/> and make it play across slides (for the whole presentation)
13. Add a BLANK WHITE SLIDE at the end of the presentation!
14. Add the transition of “CUBE or FLIP” to every slide – Change the Duration to 4.00s
15. Use “Effect Options” to alternate (Right/Bottom/Left/Top)
